

ROYSTER REARBAG

Info

Royster Rearbag - right behind you!

The Royster family is now complete! The distinctive looks of the **Royster** products find a logical addition in the **Rearbag**. This modern rear bag is an optical highlight for the pillion seat bank.

The Royster Rearbag offers two mounting versions:

- The Rearbag can be quickly mounted with the Lock it adapter on a model specific Sportrack
- Conventional with a solid 4-point- tension belt on a pillion seat bank.

Thanks to both versions, the Rearbag is an ideal luggage solution for sport bikes. As addition to the **Royster Sidebags** and **Tankbag**, the **Royster Rearbag** offers more space.

capacity extension

useful side bags

waterproofed inner bag

ROYSTER REARBAG

Info

Features:

- A lot of loops for individual mounting with the straps or as Lock it version for **HEPCO&BECKER** Sportracks
- Waterproof because of sewed in inner bag with rolling closure
